## A W A R D

This is a reference made by the Government of Goa, Daman and Diu, by its order No. 28/34/83-ILD dated 8th March, 1984 with an annexure scheduled thereto which reads as follows:

"Whether the action of the employer of M/s. Xaverian Press Training School, Pilar in the matter of terminating the services of S/Shri Satiro Afonso — Proof Reader; Felix Athaide, Compositor; Anthonio Vaz — Printer and Pedro Pereira — Boiler by way of superannuation with effect from 12-1-1983, 31-1-1982, 15-6-1982 and 31-1-1982 respectively is legal and justified.

If not, to what relief the workmen are entitled to?"

The above Government reference pertains to in all four workmen. The Industrial Dispute was raised on their behalf by the Union. The dispute is regarding the superannuation or in other words whether the workmen were prematurely retired

before attaining the age of superannuation. All these four workmen were working in the printing press of party-No. II.

Now, it is on record that even though the dispute was raised on behalf of four workmen, now the dispute subsists regarding only one workman namely Satiro Afonso who worked as a Proof Reader and whose services were terminated w.e.f. 12-1-1983. About the other three workmen Felix Athaide was of the age 62 at the time of his retirement on 31-1-1982, Anthony Vaz was also 62 years old when he was retired on 15-6-1982. As the union had claimed that the correct age of retirement was 60, the matter of these two workmen is out of question. The fourth workman Anthao Vaz occupies the quarters of the press and as such he has evinced no interest in this industrial dispute. Thus, by process of elimination the case of only one workman namely Satiro Afonso alone survives for consideration.

In view of this position, a basic objection was taken to the tenability of the reference by the management on the ground that the union was competent to raise a dispute on behalf of a group of workmen and such dispute only is termed as an industrial dispute. According to the management the union was competent to raise a collective dispute but an individual dispute can not be raised. It is no doubt true that now I am supposed to consider the dispute regarding the retirement of only one workman but I find that initially when the Government made the reference on March, 8th 1984 there was an industrial dispute for four workmen and the Government had taken cognizance of this dispute and it was an Industrial Dispute according to the Government. There is voluminous case law showing that no court is competent to challenge the authority of the Government to raise an industrial dispute in whatever form that may be. So I disallow this basic objection and proceed further to consider the merits of the case of Satiro Afonso alone.

While considering the facts brought out on record it is seen that his date of birth is 12-1-1925. He had worked in the press as a proof reader for 36 years and his services were terminated w.e.f. 12-1-1983. These facts are self-eloquent. Admittedly, he had completed the age of 58 years and in normal circumstances he would be due to retire after the completion of the age of 58. Hence the main question is whether he can claim continuance in the service till the age of 60 years and whether the termination of the service after completing 58 years amounts to retrenchment within the meaning of Section 25F of I.D.A. 1947. In this regard it is claimed on behalf of the workmen that there are no standing orders about superannuation or the age of retirement and in Goa people are retired at the end of 60 years. It is also cited that some workmen were allowed to work till the age of 62 or 63 as in the case of the other two workmen. The question is whether the case of the other two workmen can be taken as an analogy so far as the case Satiro Afonso goes. While contraverting this position it is claimed on behalf of the management that the workmen is governed by the settlement dated 30-3-1983 wherein the union has accepted the age of retirement as 58. Citing a similar example it is claimed by the management that the witness for party-I by name Anthony Vaz was retired at the age of 58 and he accepted the legal dues and retired from service. The settlement is also signed by the witness Romulo Nunes who is examined on behalf of the workmen. The settlement is at Exb. 13 and I shall first go through the settlement to understand the correct position.

The copy of the settlement Exb. W-13 shows that the same was arrived at between the union of the workmen and the management and it was a settlement U/s 2(1) read with Section 18(1) of the Industrial Dispute Act, 1947. The preamble of the settlement shows that the workmen had issued a strike notice and the strike actually started on 19-1-1983. Before the starting of the strike, the management had granted some demands such as paid holidays and privileged leave. There was a question regarding the age of retirement and the preamble states that "On the age of superannuation issue it was pointed to the workmen that the workmen superannuated in January, 1983 had reached 58 years, and even other workmen were earlier superannuated at 58".

With this back ground the settlement took place listing five clauses and the very first clause regarding the rule of retirement reads thus:

- 1) It is hereby agreed between the party is that the existing rule of retiring a workman at 58 years shall remain enforced unchanged in future also.

The above clause is very clear and unambiguous this settlement is signed not only by the workmen's witness Romulo Nunes but by Vaz also. Hence there is no question of any victimization of the workmen simply because he had taken part in the Union activities. The workman had completed the service of 36 years and this fact has to be taken in the consideration alongwith the age of 58 years to consider the competence of the workman Satiro Afonso as a Proof Reader. The facts are so clear that I do not wish to go through the other submissions made before me at the bar, and the case law cited before me.

It is no doubt true that in the Four Supreme Court cases cited before me.

1964 Vol. II LLJ page 647

1967 Vol. I LLJ page 114

1960 Vol. II LLJ page 716

1972 Vol. II LLJ page I

The age of retirement is held to be 60. Those decisions are given on facts of each case but no general principle of law is laid down as regards as the age of retirements. What is conclusive here is the fixation of the retirement age at 58 under the settlement. It has to be noted pertinently that the union even accepted the position that the workmen were superannuated at 58 even before the settlement and they were properly retired. The present Industrial Dispute is raised by the union and the union and the workmen affiliated to it are bound by the settlement. Hence without going in to further details I hold that the retirement of the workmen is proper and pass the following order:

#### ORDER

It is hereby held that the action of the employer of M/s. Xaverian Press Training School, Pilar in the matter of terminating the services of S/Shri Satiro Afonso, Proof Reader; Felix Athaide, Compositor; Anthonio Vaz - Printer and Pedro Pereira - Boiler by way of superannuation with effect from 12-1-1983, 31-1-1982, 15-6-1982 and 31-1-1982 respectively is legal and justified.

In view of the above findings the workmen Satiro Afonso is not entitled to any relief in this case. Inform the Government about the passing of the Award. No order as to costs.

Application No. LCC/31/88

| Shri Stanley Joseph    | — Applicant |
| V/s                    |             |
| M/s. Safe (X) Services | — Opponent  |

Panaji, dated 25-7-1989

#### ORDER

The applicant has filed this claim petition u/s 33C(2) of the Industrial Disputes Act, 1947 for the recovery of arrears of pay and other reliefs. The workman who joined the services of the Opponent employer in January, 1985 was

removed from service from 23-3-1987 onwards. On that day, his salaries for about 4 months from December, 1986 were in arrears.

After the registration of the claim petition notice was served on the Opponent who is having the Head Office at Bangalore. It appears that the Opponent had opened a branch at Panaji whose office was situated at a building at St. Inez, where the applicant was appointed and was serving as a Field Supervisor at a salary of Rs. 450/- p.m. which had risen to Rs. 600/- p.m. in December, 1986. It appears that the dispute started when the workman was transferred to Bangalore which order was resented to by the workman. It appears that the Panaji unit is now closed and the employer staying at Bangalore did not appear personally but one Advocate by name G. Sharma appeared on 11-5-1989 and took time to file the Written statement. The Advocate too did not appear and the matter is being heard ex-parte and the statement of the workman is recorded today which is at Exb. 2.

The claim of the workman is considered for arrears and overtime upto 23rd March, 1987 only. His claim for reinstatement and further salary is being considered in an enquiry before the Labour Commissioner and the workman does not know whether the Labour Commissioner has made a report to the Govt. or not. I therefore, allow the claim u/s 33C(2) of the Act as is admissible and pass the following order:

#### ORDER

The claim is partly allowed. For the salary from December, 1986 till 23-3-1987 the workman is awarded Rs. 2200/- and additionally Rs. 132.60 for overtime work. The Opponent employer M/s. Safe (X) Services do pay the amount of Rs. 2332.60 (Rupees two thousand three hundred thirty two and paise sixty) to the applicant. The award be sent to the Collector for execution.

In the circumstances of the case, the parties do bear their own costs.
